

Brockville Women's Network 2017-2018!

Next meeting to be held on Thursday February 8th, 2018

at the Brockville Country Club

Come meet our February Guest Speaker

David LeSueur, Brockville City Councilor & Chair of Tunnel Committee

On Thursday February 8/18, The Brockville Women's Network welcomes guest speaker, David LeSueur. David was born and raised in Toronto, but has made Brockville his home since 2007. A family man and city councillor, David's name has become a household one this past year for his involvement with the Brockville Railway Tunnel.

On Thursday evening, David will speak to us about the Tunnel project. He will briefly explain how it all came about, what it will mean for Brockville, how it will be utilized, why tourism is so important for Brockville's Economic Development and of course, the new vision, and what will happen next.

David will share some funny stories that have happened along the way and give guests a glimpse at just what the future might hold for Brockville.

The Brockville Railway Tunnel is an interesting subject, for everyone. That being said, it is just not fair for us to keep David's story all to ourselves and therefore we invite all of our members to extend this month's dinner invitation to all your friends and family, men and women - so we can share in the stories and the laughter together.

The menu for February 8th is:

- Roasted red pepper and tomato soup
 - Mediterranean Grilled chicken with tzatziki sauce, rice and traditional Greek Salad
 - Chocolate Layer Cake
 - Alternative gluten free dessert
- OR
- Vegetarian: Mediterranean quinoa stuffed peppers

Since the topic is of local interest, let's hope we can get some guests and spouses/men to come out.

You **MUST** RSVP by Sunday, February 4th, 2018
To Kim Fenn at: ktmg4@sympatico.ca or text Kim at 613-246-0828
